Zihan (Teddy) Guo

(717)-869-9545 |zihanguo508@gmail.com| Atlanta, GA

EDUCATION

Emory University **Atlanta, GA**

Master of Science Public Health, (Epidemiology Track)--DATA Science Certificate *Expected May 2026*

Cumulative GPA: 3.951/4.0

Relevant coursework

- Epidemiology methods(I&II), Biostatistics Methods(I&II), Statistical programming (SAS/R), Data Science Toolkit, Applied Machine Learning, Data Visualization, Python

Franklin & Marshall College **Lancaster, PA**

Bachelor of Science, Public Health (Biology Track) *Sept. 2020-May 2024*

Cumulative GPA: 3.73/4.0

Relevant Coursework

- Intro to Public health, Molecular Biology, Integrative Biology, General Chemistry (I&II), Organic Chemistry
- **Advanced Public Health Research Method Courses**: Biostatistics, Epidemiology, Health Policy, Public Health Research

RESEARCH EXPERIENCE

Data Collector **Atlanta, GA**

Emory Rollins School of Public Health *August 2025- March 2026*

- Curated Clinical data for 73,000+ Kaiser Permanente patients by systematically reviewing and categorizing electronic medical records to support research on gender-affirming surgical history
- Converted free-text surgical histories into analyzable coded data to support development and validation of a natural language processing application

Graduate Research Assistant **Atlanta, GA**

Master Thesis, Emory Rollins School of Public Health *March 2025-Present*

- Conducted longitudinal epidemiologic analyses for a master's thesis in a cohort of 2,415 participants (115 CAH cases and 2,300 referents) to assess cardiovascular risk indicators associated with congenital adrenal hyperplasia
- Applied regression models, mixed-effects models, and Poisson-based approaches for prevalence ratio estimation
- Managed and prepared the analytic dataset, supporting interpretation and manuscript development

Graduate Research Assistant **Atlanta, GA**

HIV study, Emory Rollins School of Public Health *January 2025 – Present*

- Conducted statistical analysis of longitudinal data using R to examine the relationship between missed daily PrEP doses and sexual behaviors
- Led the manuscript development for submission

Graduate Research Assistant **Atlanta, GA**

Share Study, Emory Hope Clinic *September 2024 – Present*

- Processed human primary cells and tissues for longitudinal ex *vivo* HIV-1 challenge experiments
- Performed HIV-1 p24 ELISA assays and multiplex cytokine panels
- Investigated cross-hormone effects on HIV susceptibility and replication, including AMAB tissues treated with beta-estradiol and AFAB tissues treated with testosterone
- Examine the effects of estrogen treatment on rectal tissue from male and female participants to compare sex-based differences in HIV replication
- Conducted qRT-PCR to measure HIV replication in ex vivo human colon biopsies treated with different HIV strains
- Data analysis and interpretation for the inflammatory response with Excel

Research Assistant **Lancaster, PA**
Health/Education Behavior Outcome Lab, Franklin & Marshall College *June 2023 – August 2023*

- Investigated how the various variables are associated with the Lancaster County mother's pregnancy outcome using SPSS
- Led research on how academic and social factors (e.g., math placement, demographics) affect chemistry outcomes among F&M students using correlation, t-tests, and regression.

WORK EXPERIENCE

Student Science Teacher **Lancaster, PA**
Smith-Wade Lancaster Elementary School, Lancaster January *2023 – November 2023*

- Taught appealing science topics, including weather, water cycle, environmental scenarios, human biology, and ecosystems, to 23 fifth grade students
- Introduced Higher Education to students and motivated them to reflect on their aspirations
- Facilitated cross-cultural communications through sharing Chinese traditional culture to students

Wuhan Non-Smoking Ambassador **Wuhan, China**
Wuhan Center For Disease Control & Prevention, Wuhan *September 2018 – May 2020*

- Organized 8 members to join the team and created the smoking related PowerPoint to present in the Live Streaming in Wuhan
- Conducted 100+ non-smoking related posters for community distribution
- Communicated with smoking elderlies at various communities about their smoking status and habits

LEADERSHIP

President **Lancaster, PA**
Badminton Club, Franklin & Marshall College *August 2022 – May 2024*

- Organized a club of over 80 members and cultivated members' interests in playing badminton
- Taught badminton skills to 20+ student members

SKILLS

Certification: Nominated Chinese National First-Class Badminton Player

- EHRS training program of Biohazardous Waste Training, NIH Guidelines Training, Initial Safety Training for Researchers, CITI Program Social/Behavioral Focus, CITI Program Group 1. Biomedical Focus, CITI Program Group 5. Good Clinical Practice and ICH (GCP), CITI Program Health Privacy and Information Security

Skills:

- SAS/R(advanced), SPSS (Advanced), GitHub(Advanced), Canva (Advanced), Microsoft Office Suite (Advanced), Google Workspace (Advanced), GraphPad Prism (Intermediate), ChemBioDraw (Intermediate), Python(Intermediate), Epidemiology Analysis(Advanced), Longitudinal study(Advanced), Database Management(Advanced), Shiny R(Advanced), Tableau(Intermediate), Laboratory Skills(Advanced), Scientific Writing(Advanced), Healthcare data analysis(Advanced)

Languages

- Fluent in Mandarin (native) and English
- Elementary in Japanese
